New Curriculum Rollout Needs Your Help

In Eastern Europe and Latin America, thousands of people are attracted to our high quality English classes and hundreds at a time respond to the gospel message and say yes to Jesus. We want you to have the opportunity to help continue this highly effective method of reaching the world for Christ.

We introduced and tested our new Practically Speaking Conversational English and Practically Speaking Business English curriculums during recent ministries in Nicaragua and Belarus. The feedback we received from students and our volunteer teachers was very positive. The new materials brought the quality of the English classes and the experiences of our volunteer teachers to an all time high level.

The next step is to have these materials printed, bound, and organized in a way that they will give them a professional look while adding the durability to withstand repeated use. This will be an expensive process, but an expense that will pay off over the life of these materials.

Whether are not you are a regular financial partner of Jody Kennedy International, won't you consider making a tax deductible, special gift to help us with this vital project. Any amount is prayerfully and gratefully accepted.
